

"The **Young Alumni Council** provides valuable insight into the St. John's Jesuit of today and renews a strong connection to the place we called home for four years. Being a part of YAC and connecting with other like-minded alumni has opened doors for me in the community and shown me the lifelong benefits of being a Titan."

# YOUNG ALUMNI COUNCIL

## WHAT IS THE YOUNG ALUMNI COUNCIL?

Established in 2018, the **Young Alumni Council (YAC)** is an inclusive group of graduates who are younger than forty and have come together to share their great passion for SJJ and its mission to develop *Men for Others* in northwest Ohio. Members of YAC are asked to pledge a gift for four consecutive years at one of three levels including Presidential, Ignatian, or Berchmans. The group meets quarterly, but may assist with student initiatives, scholarship fundraising, admissions, and alumni relations. Participants of YAC receive the benefits corresponding to their level of membership. These men want to be stakeholders in the school now and for years to come. In addition, there are social events planned throughout the year to engage fellow members and attract new alumni to the group.
